

NAAMS COMPONENTS

- Global standard componentry
- Local and global machining capabilities
- Largest inventory of parts available in the world

CNC MACHINING

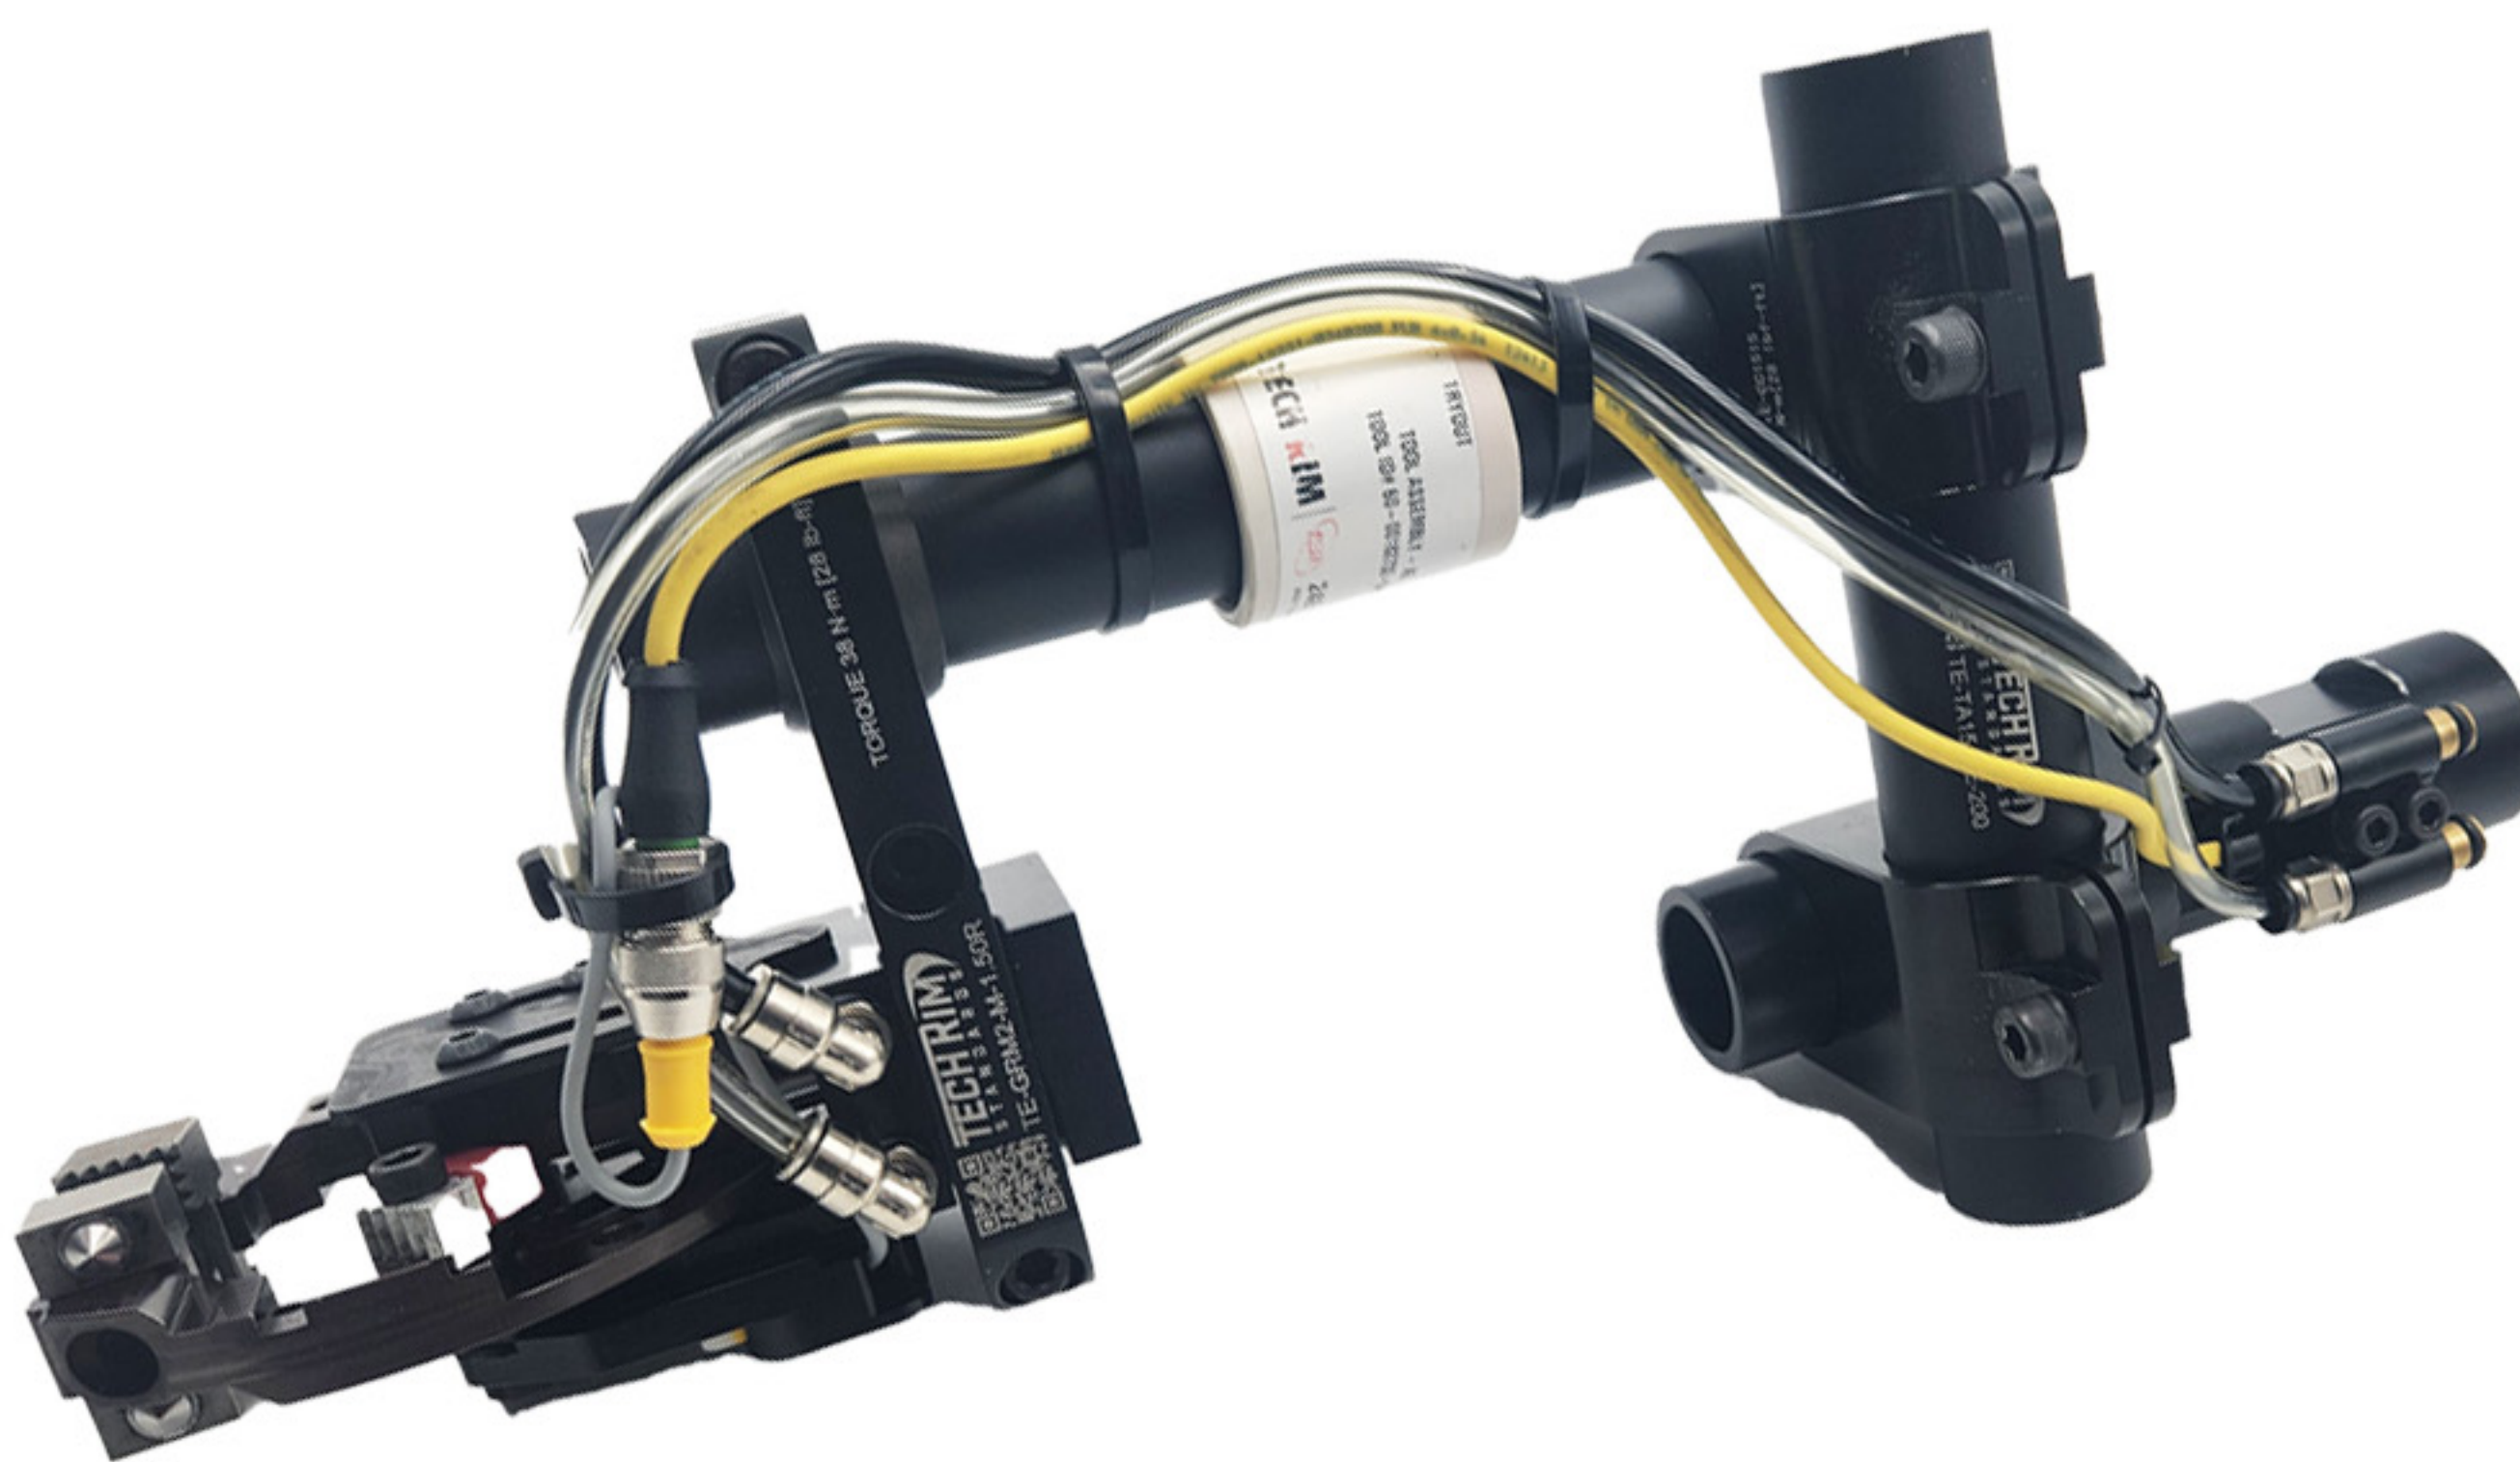

- High precision machining
- Custom, prototype, small batch, and large scale parts
- Milling, turning, fabrication, bending, grinding, EDM, laser cutting, coatings, heat treatment, and other comprehensive operations
- Quick turnaround

TECH-EFFECTOR™

MODULAR AND ADJUSTABLE END-OF-ARM TOOLING
