

TECH-EFFECTOR™

Modular End-Of-Arm Solutions

TECH RIM
STANDARDS

KEY CAPABILITIES

- Tandem Transfer Press Tooling
- Tri-Axis Transfer Press Tooling
- Crossbar Transfer Press Tooling
- Engineering Design & Simulation

- On-site Integration Support
- Comprehensive Part Inventory

END-OF-ARM TOOLING

Tech Rim Standards delivers robust end-of-arm tooling solutions that keep automation moving. Our EOAT products are designed for accuracy, durability, and seamless robotic integration—helping manufacturers boost efficiency and maintain consistent results.

Built from parts including...

TE-RT Round Tubing
TE-CC Cross Clamps
TE-ES1 End-Extensions
Tandem Tool Changer Adapters
TE-PA Port Adapters
TE-SMC Mounting Cups
TE-SM Sensor Mounts
TE-HF Flange Mounts
Tandem Tool Changer Receivers

Global Boom Arm

TECH-EFFECTOR™

Modular End-Of-Arm Solutions

TECH RIM
STANDARDS

TRI-AXIS TRANSFER TOOLING

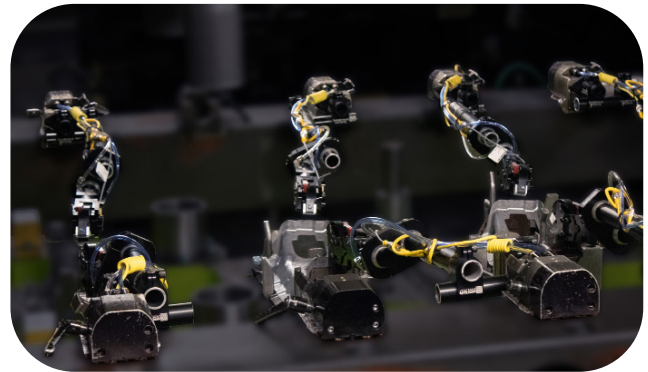

Tech Rim Standards tri-axis transfer tooling provides precise, synchronized linear motion across three axes for smooth, controlled part transfer. Designed for high-speed automation environments, it ensures accurate positioning, repeatability, and dependable performance throughout the production cycle.

Built from parts including...

TGP2 Pneumatic Sheet Grippers
Tri-Axis Tool Changer Receivers
TE-GRM Gripper Mounts
TE-PGS Gripper Mounts
Tri-Axis Tool Changer Adapters

TGP2 Gripper Arm

TOOLING RECEIVERS

Tandem Receivers
